Restaurant Rosalie Now Open - Inspired European-Style Dining in Skippack Area Cedars, PA – Café at Cedars is now Restaurant Rosalie (www.restaurantrosalie.com), a culinary experience all Skippack area residents and visitors will not want to miss. Executive Chef and Owner, Gregory Ott wants to share his culinary passion with the community, while maintaining the utmost in quality.

The 18 seat restaurant nestled in a cluster of quaint shops in the Skippack area held a private “soft opening” over the weekend with carefully crafted cuisine including Amuse Bouche, Roasted Tomato Bisque soup and Chilean Sea Bass as three of the five course dinners they will host Wednesday thru Saturday evenings. Area food lovers will have the opportunity to taste a variety of cuisine created by Ott because the dinner menu will change weekly and will be posted on the website. *“I decided on an 18 seat restaurant so I can control all aspects of the dining experience. With larger restaurants, it is so difficult to stay true to one’s culinary philosophy, as it takes many hands to perform all functions required. With the many hands, sometimes quality suffers and ideals are compromised. I don’t want to deviate from my vision because it’s very important to me to maintain the highest quality in both food and service,”* added Ott.

Ott, whose culinary experience has led him from small BYOB restaurants in the greater Philadelphia area to large, luxury hotels in New York City, gathers his inspiration from his mother and her meals at the dinner table growing up (<http://www.restaurantrosalie.com/about.html>). Driven by his inspiration and impressive culinary expertise, Ott, with the support of fiancé Kellie and mother Rosalie acting as the face of the restaurant, plans to bring the Skippack area a set menu dining experience where diners will experience elegantly designed cuisine with unparalleled service.

Restaurant Rosalie, at the corner of Route 73 and Bustard Road in Cedars, will be open for lunch Tuesday thru Saturday and dinner Wednesday thru Saturday. To make your dinner reservations or learn more, please visit www.restaurantrosalie.com.
